

Priority neighbourhoods Warminster

You said, we did

You said

We did

Improve the perception of the neighbourhood

We have built and developed relationships with key partners such as, local councillors, the town council, neighbourhood policing team and Wiltshire Council to address this.

Deal with the anti-social behaviour and dangerous driving on the Westleigh estate

Consultations have been carried out with residents of the Westleigh estate, 69% are in favour of CCTV. We have met with the school, local authorities and Wiltshire Police. Grant applications have been submitted to fund the installation of CCTV.

Be more visible on the estates

We carried out quarterly estate inspections during the project, along with regular walkabouts with local councillors and the neighbourhood policing team.

Clean up gardens

We identified properties during our visits that required help and support to clear gardens and properties of rubbish. The caretaking team assisted seven customers that required help both physically and financially.

Get rid of all the rubbish

We carried out two action days on the estates, these included litter picks and bulky item removal. Residents on the estate also joined in with the litter picks.

You said

We did

Sort the parking spaces at Alcock Crest

We had the parking bays repainted to make it easier for residents.

Get rid of illegal cars parked on the estate

We have been working with the DVLA to identify and remove vehicles parked illegally on the estate.

Keep us safe

As part of the community safety partnership, the neighbourhoods team carry out regular estate and home visits.

Tidy up the green areas on the estate

This is a project that we understand Wiltshire Council are looking at for Portway Lane. We aim to look into a collaboration which will in turn provide a benefit longer term.

Keep sheltered housing residents informed

Summer and Christmas coffee mornings were arranged for the residents of Medicott and Cobbett sheltered schemes. The priority neighbourhoods team were on hand to chat with the residents.
